What's in it for you?

For Customer

Easy Pick-up and Drop Service

We will pick you up from wherever you are and will drop you at your desired location safe and sound.

Convenience for women travelers

We understand the underlying risks associated with women travelers. We make sure our customers experience the best commuting experience without giving a second thought.

Feasibility and Affordability

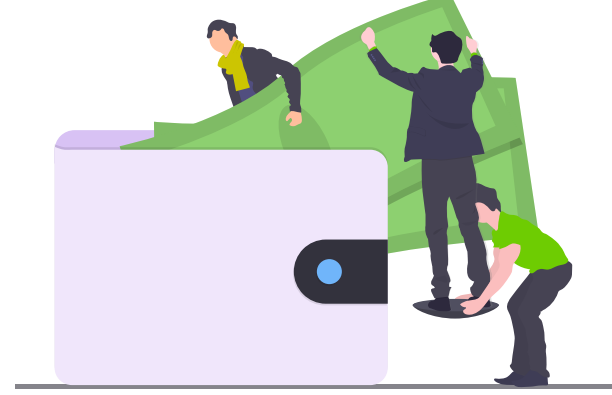

Igo rides are easily accessible and affordable. Now reach a place on time with our affordable rides and save in a lot of your time.

For Captains

Flexible rides

We make accessibility an achievable result for every captain. The daily activities of a captain don't get affected. Igo doesn't even demand a full-time role from the captains.

Timely payment

You can transfer money to your bank account as you reach your desired limit. In case a rider cancels a ride, the cancellation charge applied is given to the captain.

Business Solutions

If you have a bike and want to have a steady source of income, we are the solution for you. A lot of employment opportunities are generated and serve livelihoods as more people have started to incline towards this mode of transportation.
